# Techairos
## Where ideas meet solutions

**Techairos Consulting** is a small IT company that specialises in providing solutions where several technologies are integrated together.

We are looking for candidates with <u>Computer Science</u>, <u>Informatics</u> or <u>Engineering</u> degrees.

## Job description

You will be given responsibilities on a variety of projects, depending on your skills and experience. Possible tasks may include:

- **Software development** (various languages, various applications)
- **Information systems design** and integration, e.g.:
  - Gathering data on mobile devices
  - Feeding into a central database
  - Live information feeds/streams
- **Linking data streams** and servers
- **Data server** setup, integration and management

## Apply if you are:

- A **<u>South African citizen</u>**
- Available to attend interviews **in Stellenbosch in person** at short notice (please indicate your current city/town of residence specifically in your application e-mail)
- Early in your career, or a recent graduate, or graduating soon
- Eager to gain experience in systems design and integration, and different software languages
- Excited by the idea of linking different online services and leveraging their APIs to create new useful, efficient ways to use them

| Requirements | |
|---|---|
| **Skills** | **Traits** |
| • Strong programming background<br>• Excellent academic record | • Fast learner<br>• Self-motivated<br>• Analytical<br>• Good communication skills<br>• Problem solver<br>• Initiative<br>• Integrity |

| Not required, but beneficial experience | |
|---|---|
| • Previous work (internship / vacation work)<br>• Javascript<br>• Linux<br>• SalesForce<br>• Python | • Git / Github<br>• Server setup/management<br>• Database<br>• Networking |

## Remuneration

R20k to R25k pm, depending on skills, experience and level of studies

## Location

Stellenbosch. We currently have offices close to Eikestad Mall, although this might change as our number of employees grows.

## Apply

Please send your CV and academic record to Andrew Cawood: andrew@techairos.com

## Closing date

There is no closing date. We are continuously looking for suitable candidates.
**We have projects running now that we need people for immediately**, so send your application as soon as possible.

Please insert the text "[ARTD-SI]" at the beginning of the e-mail subject for your application.
If you do not receive acknowledgement of receipt of your application within 2 business days then please follow-up telephonically.
