

Vacation work:
Junior Software/App Developer

www.techairos.com

Techairos Consulting is a small tech company that specialises in providing solutions where several technologies are integrated together.

We are often able to provide paid vacation work to Engineering, Informatics or Computer Science students.

Vacation-work dates can be negotiated, but you must be available for at least 3 weeks.

Job description

You will assist on a variety of projects, depending on your skills and experience. Possible tasks may include:

- **Mobile app development** – for both Android and iOS
- **Back-end development** – typically NodeJS
- **Web-app development** – various
- **Software testing**
- **Information systems** setup, integration and management
- **Database** setup, integration and management

Technologies we use

Note that you do not need to have used these to qualify for the position - you will learn them on the job.
