

A CALL TO THE "WORKING" MIND

UNILEVER ENGINEERING BURSARY

Be part of the largest FMCG company in South Africa and a Global winning team

MADE BY YOU

PUT YOUR GENIUS TO GOOD USE

It takes a clever person to figure out how to raise the figures by 30%. It takes extra genius to do this without ruining the Planet 30% more. The things that you can learn at Unilever will make you a better leader for a different kind of career. Unilever's Bursary Programme will offer you a support structure to complete your degree successfully!

Our brands are amongst the most successful in the FMCG industry because the people behind them weren't afraid to stay hungry for success.

Unilever's bursary Programme is an opportunity to access:

- Vac work projects during your University break.
- A spot on our Graduate Intake Programme on completion of your degree.

WHO CAN SIGN UP?

Our bursary scheme is open to any person in South Africa who wants to study Engineering at tertiary level.

f "Unilever Careers South Africa"

www.unilever.co.za/careers-jobs/graduates/uflp/supply-chain
